THE CLEAN WATER COMPANY

Anatomy of a Filter Cartridge.

Fundamentals of a properly designed pool or spa filter cartridge.

Pleatco Free Flow Cores

Engineered ABS for great flow.

Pleatco's unique Free Flow Cores MAXIMIZE filtration performance of the entire cartridge by delivering optimized water flow to a large surface area of the filtration fabric to capture dirt particles. Pleatco Cores are highly engineered, incredibly strong molded ABS.

Strong End Caps

Pleatco end-caps are break resistant, with ergonomic handles and easily identifiable part numbers.

Super-bond Bands

Pleatco break-resistant super-bond bands are sealed tight to the filtration fabric with an incredibly strong unique bonding process keeping the pleats sharp and separated for good flow and performance.

Reinforced Center Cores

Our meticulously engineered center cores allow for increased dirt loading and high pressures while providing ultra-solid protection for the structural integrity of the cartridge.

Pleatco SmartTrack

A Pleatco Innovation!

Pleatco's Smart Track time stamping technology allows for lifelong product identification, quality tracking and warranty accountability. Designed to provide true customer support and a 'real life' feedback mechanism for us to keep advancing the research and development of our filtration products.

Pleatco Advanced Filtration Fabrics

FEATURING

Pleatco PURE PLEAT™

Patent #10918979

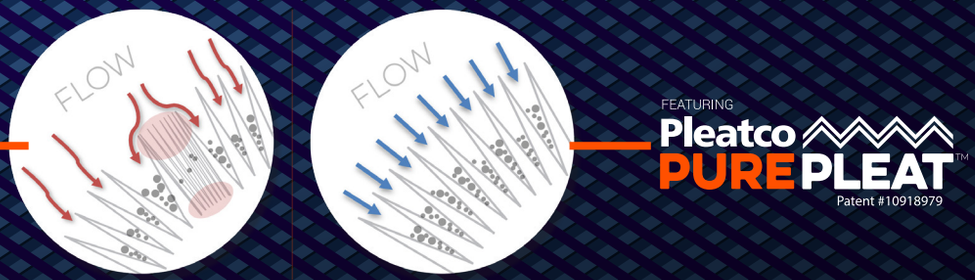

INNOVATIVE CONCEPT IN POOL FILTER CARTRIDGE DESIGN!

We've implemented a sophisticated manufacturing process to create perfect pleats.

While in action, a cartridge's pleats begin to load under elevated water flow.

STANDARD FILTER CARTRIDGE UNDER PRESSURE

Flow favors the path of least resistance causing pleats to bunch up bypassing some filtration fabric.

Flow systematically distributed by evenly spaced rigid pleats with no bunching up, using the maximum filtration fabric.

It is NOT AVAILABLE on the Internet! Yes, you heard that right. You asked. We listened.

This holds the value of the product and drives business through the doors of authorized distributors & dealers.

At Pleatco we are always exploring innovative ways to help our customers succeed.

Honoring excellence.

The Pleatco Perfect Tech Contest originated in 2008. What started out as a local contest quickly turned into a serious nation-wide search. While some of the original entries were funny, most of the entries were submitted by loyal customers who truly appreciated the commitment to service at the highest level by their Pool Tech.

Over the past fourteen years, more than 1,500 people have entered the contest and nearly 20,000 people have voted for the winners. Each year, the Pleatco Perfect Pool Tech Search has grown and continues to illuminate the strengths and passions of the pool service industry. Pleatco is proud to honor the men and women who work hard each day to not only service pools and spas, but also help educate and care for their customers.

Pleatco, GENESIS and the Pool & Hot Tub Alliance and AQUA are honored to be the co-sponsors of this important industry event.
